## Blames Unions for Train Wrecks.

### Lackawanna Company Says Organizations Encourage Carelessness.

#### Declares Road Will Stand a Strike Rather Than Yield Independence.

##### Dictation of Laborites in Matters of Discipline Must Cease.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, Aug. 13.—[Exclusive Dispatch.] The Lackawanna Railroad Company has drawn the line on labor unions encouraging and upholding lax, careless and incompetent employees.

Such a policy is directly responsible for train wrecks and loss of life. In the interest of discipline, officials of the Delaware, Lackawanna and Western say they will, if necessary, stand a general strike over the entire system.

A public statement has been issued to this effect, because the public, it is claimed, ignorant of the true situation, is siding with the men who are threatening to strike and is aggravating the situation. The management claims to be making a decided stand for thorough discipline and is prepared to fight it out on that line, either with or without the help of public opinion, but preferably with its help.

It is believed by the officials of the road that the dictation of labor unions in matters of discipline should cease and that a railroad company, in the interest of safe operation of trains, should be permitted to discipline its men whenever occasion demands.

It appears that a switching crew in the southern yards refused to work when it became short-handed by the illness of one member, which occurred after all the extra men had gone home. Ordered to proceed with their work, the men quit and went home.

Two men were discharged and the union threatens to strike unless the men are reinstated. The officers of the National Switchmen's Order sought an interview with President Truesdale, but the latter refused upon the ground that it was a matter of local discipline administered according to well-known rules.

The statement issued by the officers says: "For several years past there has been criticism much of it well-deserved, as to the number of accidents on American railways. It has been recognized that many of them are due to a lack of discipline and that this lack of discipline prevails largely because railroad officials, particularly under the traffic conditions of the past year, were inclined to overlook violations of the rules and other shortcomings."

"The Lackawanna has been particularly free from accidents because it has observed the policy of paying the highest wages, treating its men fairly, and then holding them to a strict accountability and compliance with the rules."

"The trouble with the switchmen seems to involve the question whether the management of a company has the right to compel its employees to conform to its directions in the conduct of its transportation affairs, by applying such discipline for willful and voluntary violation of its rules and instructions as may be deemed necessary."

Livermore Closes up One of Most Sensational Deals in Cotton on Record by Conducting Bear Raid to Dispose of His Remaining Holdings.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Aug. 13.—[Exclusive Dispatch.] Wall street took the fact today that it had been magnifi- cently fooled by Jesse E. Livermore, most famous speculator, in one of the record and that Livermore was out of the market with \$1,000,000 in cotton. Livermore, it is now learned, far from wanting to corner the cotton market, simply worked it both ways for the past three weeks, buying and selling as each was the more profit- able.

The supposed bear raid on the market yesterday, when it was thought that opponents of Livermore were "breaking" him, by forcing the price down, it is now declared, was nothing more than Livermore disposing of the remainder of his holdings.

W. H. Truesdale, president of the Lackawanna road, who blames union interference with discipline for many train wrecks.

### CUTTING UP WESTERN RANCHES MEANS HIGHER PRICES.

Col. Ike Pryor, President of Cattle Raisers' Association, Says Supply Is Being Cut Off Rapidly by Fencing of Prairies and Progress of Agriculture.

(BY DIRECT WIRE TO THE TIMES.)  
KANSAS CITY (Mo.), Aug. 13.—[Exclusive Dispatch.] "There will be no more cheap beef. Cheap range land is a thing of the past. Cheap cattle and cheap beef must go with the cheap land."

Col. Ike Pryor, president of the Cattle Raisers' Association of Texas, says the people of America must face the foregoing situation. The high price of beef is not a temporary thing. It is the result of the cutting up of the cattle ranges into farms. The consumer of meat must pay big prices for beef as a penalty for the breaking of the prairie and the settling of the new country.

Col. Pryor has been president of the Cattle Raisers' Association three years. The organization is composed of 2500 cattle men in Texas, Oklahoma and New Mexico. The members control five million head of cattle.

"The number of cattle in Texas is decreasing temporarily," Col. Pryor said. "The best evidence of how the cattle supply in Texas is cut down is the fact that last year more than 250,000 calves were sold for slaughter at Fort Worth stockyards. Beautiful white-face heifer calves were slaughtered by the thousands and the carcasses shipped East with the hides on. If there had been plenty of range these calves would have been saved to grow up."

### MISSOURI WOMAN DIVES INTO WELL FOR CHILD.

With Aid of Rope, Climbs Jagged Wall, Drowns Two-Year-Old by Its Dress—Rescue Accomplished While Male Assistance Is Beyond Reach.

(BY DIRECT WIRE TO THE TIMES.)  
FULTON (Mo.), Aug. 12.—[Exclusive Dispatch.] With a mother's disregard of danger when her offspring is in peril, at the risk of her own life, Mrs. J. B. Stephenson, a frail little woman, lowered herself into an eighteen-foot well, saved her two-year-old child from drowning and climbed to the top, holding the child in her teeth by its dress.

The babe was playing near the well-top, which had been left open, and stepped off backwards. Mrs. Stephenson heard the child's cry and turned in time to see it fall.

Reaching to the well the mother grasped the rope and without a moment's hesitation shot to the bottom. The father of the child was not at home, nor were there any male neighbors near by.

Cramps if she would be seized by the mother remained in the cold water. Mrs. Stephenson in desperation fastened her teeth into the baby's frock and climbed the jagged wall of the well with the aid of the rope.

# THAW MAY GO FREE.

## Bankruptcy Offers Opportunity.

### Once Outside of New York State Insanity Commitment Is Void.

#### Keepers Have No Choice but Turn Him Over on Subpoena.

##### Attorney Says Escape May Have Been Motive of Entire Proceedings.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Aug. 13.—[Exclusive Dispatch.] That Harry Thaw will be free within a month is the opinion of prominent New York lawyers. The declaration of Referee Blair at Pittsburgh that the slayer of Stanford White is a bankrupt and the fact that his presence will be required in Pittsburgh by the Federal authorities means that he will be taken out of the jurisdiction of the New York State authorities, and once outside, will be entitled to his liberty.

This was the unanimous opinion expressed today to a reporter by prominent lawyers in the city. Eugene Philbin of No. 52 William street even went so far as to say that he believed the bankruptcy proceedings were instituted with the object in view of freeing Thaw.

"There is no doubt," said Mr. Philbin, "that once Thaw steps foot outside of New York State, he will be a free man, or if not actually free, can be made so by a writ of habeas corpus. Harry Thaw was not convicted of any crime. He was acquitted on the ground of insanity. Judge Dowling, believing it to be for the good of the State, committed Thaw to Matteawan. This commitment is legal only in New York."

"If the Federal authorities demand Thaw's presence at the bankruptcy proceedings in Pittsburgh, those who have Thaw in custody have no other course than to produce him. The service of a subpoena on either Thaw or the New York authorities would require his keepers to turn him over to a United States Marshal, who would take him to Pittsburgh. Once across the river and in New Jersey, he would be legally free, and as long as he can be kept out of the State New York would have no cause for imprisonment."

"Had Thaw been found guilty of killing Stanford White he would be a criminal and be amenable to the law as such, whether in New York State or in Pennsylvania. In the event of his being taken outside the State under the conditions he could be extradited like any other criminal."

"It would appear that the bankruptcy proceedings in Pittsburgh were brought about chiefly for the purpose of getting him out of the State, where he would be entitled to his freedom."

#### Recalled Turkish Minister Is Terrified by Receipt of Letter.

##### Is Afraid to Return to Home, Fears Enemies Here, and Takes to Bed.

###### Father, Fugitive from Realm of Sultan, Believed to Be in America.

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, Aug. 13.—[Exclusive Dispatch.] Mehmed Ali Bey, the recalled Turkish Minister, is in danger of his life. If an ominous message, written on red paper, with black ink and signed, "The Avengers of Our Nation," is to be credited.

The message was delivered to him yesterday. It reads: "If you dare to come to New York we will kill you. The sun has arisen anew on our nation. They that have dimmed the luster of its name must die. Isit Pasha and his son shall answer to those who love their country."

Mehmed Ali Bey is afraid to go home and he is afraid to remain here. A deposed Syrian, the son of a man who has been the power behind the Turkish Ottoman, who has represented the Sublime Porte as Minister to the United States, he has been cast adrift by the bloodless revolution which has wrought reforms in Turkey. He is trembling like an aspen leaf as shadows arise in his excited imagination, of enemies in waiting, thirsting to kill him.

Mehmed Ali Bey, the disgraced envoy of Abdul Hamid, does not only fear political enemies at home, but in terror of assassination at the hands of the Young Turks in this country. His father, Isit Pasha, for fifteen years the man who guided the Sultan, is a fugitive in hiding, and some suppose he escaped to the United States to find protection under the wing of his son. If he is here he has not improved his asylum, because his son's life is in as much danger as his own.

When the threatening message was handed to Mehmed Ali Bey he nearly fainted. It was bad enough that his father had fled for his life and that he had been stripped of all honor by being summarily deposed. Had not his old enemy, Mundi Bey, Consul-General at New York, brought him sufficient humiliation with imperial orders to turn over to him the legation? Was his cup of woe not filled to overflowing when he, the Minister of Abdul Hamid, the personal representative of Ali, was shorn of all prerogatives and official recognition? Had not his staff of subordinates without notice been ordered to vacate his residence and set up the imperial legation elsewhere?

Grief-stricken over his many misfortunes, it was almost more than he could bear to have threats of personal violence added. He is sick in bed. Nothing is known here of the whereabouts of Mehmed's fugitive father, Isit Pasha, and there is nothing to confirm the expressed suspicion of Mundi Bey, the new charge, that the old Pasha is hidden in the house occupied by his son in this city.

Mr. Wright's second flight, which lasted two minutes, was a novel one. The aeroplane soared and descended at will, executing bewildering turns. Suddenly when approaching the ground near the grand stand the machine lost its speed and began curving slowly toward the earth. All appeared to be well until it was tilted to leeward by the delicate frame work struck the ground with the result that it was disarranged and torn.

The real cause of the accident was the attempt to land exactly on the spot of his departure. In listing the planes at the last moment in an attempt to continue the sliding, he pulled the left plane too sharply.

The damage can be repaired easily. Although because of the absence of the necessary material the work will require several days.

Ethel Ludwig's Mother Still  
in Pursuit.

Father Willing to Be Partic-

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, Aug. 13.—[Exclusive Dis-  
patch.] Ethel Ludwig, the girl who  
was kidnapped by her mother and uncle  
from her home in Morris, Ill., to pre-  
vent her marriage to Dr. Fred Fitzger-  
ald, professor of chemistry at the  
Cooper Medical College of Palo Alto,  
Cal., escaped today, and, according to  
best reports, is speeding on her way  
to California to marry her betrothed.  
Her mother is in pursuit but one train  
behind.

Dr. Fitzgerald, who left for the Coast  
last week, is in waiting to marry her.  
The girl and the doctor met while she  
was a student at Leland Stanford  
University. Their betrothal was at  
first sanctioned by her mother. Later  
the mother came into considerable  
property through the death of her  
father, and then decided that the  
young California doctor was not good  
enough for her daughter.

Dr. Fitzgerald appeared at Morris,  
Ill., last Thursday, the wedding hav-  
ing been set for Friday. Thursday  
night Mrs. Ludwig and her brother,  
Attorney Cornelius Reardon, kidnaped  
the girl, forcibly putting her into an  
automobile in spite of her screams and  
struggles. The girl was brought to  
Chicago, and with her mother and  
aunt, Mrs. T. A. Bray, stopped at the  
Saratoga Hotel. Dr. Fitzgerald fol-  
lowed, but was unable to find any  
trace of his sweetheart. Sunday or  
Monday, abandoning hope, he returned  
to California.

Tuesday night Mrs. Ludwig and  
daughter returned to Morris, Ill.,  
packed their trunk and the next morn-  
ing came back to Chicago. Nothing  
was seen of them until today it was  
learned that they had escaped from the  
surveillance and bought a ticket  
for the Coast. The girl's mother  
followed on the same train.

Otto Ludwig, father of the young  
woman, is with Prof. Fitzgerald. He  
favors the marriage and it is expected  
that he will meet the daughter, hurry  
with her to the side of the waiting  
groom and witness the quick cere-  
mony, unless the mother arrives  
in time to prevent the nuptials.

If Mrs. Ludwig reaches Palo Alto  
many minutes behind her daughter  
she will be late. It is believed that  
the wedding will be performed. It is be-  
lieved by the friends of the young cou-  
ple that they will make every effort  
to leave the city before the mother  
reaches there, leaving the father the un-  
pleasant task of placating the mother.  
Mrs. Ludwig, as he is a party to the  
arrangements of the day his position  
is likely to be doubly uncomfortable.

and Detective Mousley Must Plead  
to Accusation of Having Manu-  
factured Evidence Against Mr.  
Gould.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Aug. 13.—[Exclusive  
Dispatch.] The grand jury this after-  
noon handed up indictments, charging  
subornation of perjury against Mrs.  
Ben Tess, wife of the widely-known  
stage manager, Mrs. Julia Fleming  
and Henry M. Mousley, a detective,  
all of whom were arrested some time  
ago, accused of manufacturing evi-  
dence against Frank J. Gould in the  
divorce suit brought by his wife.

The indictment was given to  
Judge Crane in the Court of General  
Sessions, and he notified counsel for  
the defendants to have them in court  
tomorrow morning to plead.  
The answer of Gould to the divorce  
complaint of his wife, Helen K.  
Gould, which he was ordered to file  
within twenty-four hours, was filed  
today in the county clerk's office.  
In his answer Gould admits para-  
graphs 1, 5 and 6 of the complaint,  
which are to the company of the  
divorce. He denies that he has two  
children, and that there is no decree  
of divorce existing between them. He de-  
clares that, at the time of the commence-  
ment of the action, he was or now is  
a resident of the city or county of New  
York, and he denies every allegation  
in paragraphs 2 and 4 of the complaint.  
The paragraphs referred to in the  
complaint are that on July 2, 1936,  
while Mr. Gould was cruising on the  
yacht Helena at North Sydney, Can.,  
he committed the act complained of by  
Mrs. Gould.

(ASSOCIATED PRESS DAY REPORT.)

fifth session of the Pan-American Med-  
ical Congress, which opened here  
August 6, has come to an end with a  
banquet given by President Cabrera  
in honor of the delegates. The Presi-  
dent made an address in which he  
called the work of the congress a sci-  
entific triumph for the republics of  
the American continent. Appropriate  
replies were made by William Peimke,  
the American Minister to Guatemala,  
and Señor Caballero, the Guatemalan  
Minister to the United States. The  
next congress will be held in  
Lima, Peru, in August, 1941.  
The delegates, who came from prac-  
tically all the republics of the Amer-  
ica, have been hospitably entertained  
in Guatemala City and they carry  
away with them favorable impressions  
of the republic.

## NEW YORK GIRL REPORTED BETROTHED TO BRITON.

Miss Beatrice Mills.

NEW YORK, Aug. 13.—Mr. and Mrs.  
Oden Mills and their daughter, Miss  
Beatrice Mills, who were among the  
members of New York society who at-  
tended the marriage of Miss Jean Reid  
and the Honorable John Ward in Lon-  
don a few weeks ago, returned on the  
Mauretania.

Accompanying them was a young  
man down on the passenger list as  
Lord Forbes, but in reality is Lord  
Granard, Master of the Horse and a

member of the House of Lords. Dur-  
ing the voyage Miss Mills and Lord  
Granard were much in each other's  
company, and on their arrival some  
of the passengers reported they were  
engaged.

When Mr. Mills was asked about the  
report he said it was entirely untrue,  
that Lord Granard was here only to  
make a brief visit to his family and  
then would start on a tour of the  
country. At the pier to meet the party  
was D. O. Mills.

peratures and breezes that were just

EXCITED BY DIAMOND MYSTERY.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, Aug. 13.—[Exclusive Dis-  
patch.] Telegraph wires were kept  
buzzing today by long distance home-  
ward among relatives and friends  
of Miss Mary Barry, daughter of Capt.  
Thomas Barry of Barry Bros. Trans-  
portation Company. Morning reports  
from Hartford, Conn., said that she  
was arrested when trying to sell dia-  
monds which belonged to a woman rela-  
tive whom she was visiting there.  
These reports amazed her family in  
Chicago and they fired telegrams East  
in an effort to clear away the mystery.  
They called it all a terrible blunder  
on the part of some one and insisted  
that the girl was innocent.

THE ATLANTIC FLEET.

## NEW ZEALANDERS VISIT BATTLESHIP.

(ASSOCIATED PRESS NIGHT REPORT.)

AUCKLAND (N. Z.), Aug. 13.—The  
officers of the American fleet en-  
tertained 2000 New Zealanders to-  
day aboard the battleship Louisiana.  
Among the throng were many hand-  
somer women. The officers, with  
great courtesy, showed their visi-  
tors every part of the great fighting  
machines and explained to them in  
detail the working of the intricate  
mechanism.

H. A. Myers, the Mayor of Auckland,  
has written W. A. Prickett, the Ameri-  
can Consul-General, extending his con-  
gratulations and those of the citizens  
of Auckland on the orderly conduct  
and sobriety of the crew of the bat-  
tle ship. Their behavior, the Mayor  
said, had been most exemplary and re-  
flected the highest credit on the fleet.  
Inasmuch as the visit of the fleet  
is drawing to a close, shore leave was  
given to as many of the enlisted men  
as it was possible to spare from the  
ships today.

Hundreds of them were again taken  
to visit near by points of interest, and  
later were entertained at luncheon,  
while others preferred to promenade  
through the heart of the city and at-  
tend the theaters. Several impromptu  
baseball games were arranged and  
other officers have not been sighted.

INSURANCE MEN ELECT.

(ASSOCIATED PRESS DAY REPORT.)  
ST. PAUL (Minn.), Aug. 13.—The  
twelfth annual convention of the Ameri-  
can Association of Fire Insurance  
Agents came to an end today. Edward  
W. Boardley of Hartford, Conn., was  
elected president. Among the vice-  
presidents is F. W. Leballatier of Cal-  
ifornia.

BOYS SWIMMING, DROWN.

(ASSOCIATED PRESS DAY REPORT.)  
MARQUETTE (Mich.), Aug. 13.—  
Swimming off the beach at Lighthouse  
Point last night, Charles Foreman,  
14 years old and Henry Rose, 14, were  
drowned. One boy was seized with  
cramps and the other attempted to  
save him.

NIGHT-RIDERS GET DELAY.

(ASSOCIATED PRESS DAY REPORT.)  
MURRAY (Ky.), Aug. 13.—The trial  
of a night-rider, having resulted in a hung  
jury, all of the other night-rider cases  
have been continued until the next  
term of court, the prosecution and de-  
fense being unable to agree on a case  
for trial.

ENGINEER FALLS FROM CAR.

(ASSOCIATED PRESS DAY REPORT.)  
BATTLE CREEK (Mich.), Aug. 13.—  
With the engineer lying along the track,  
cut and bleeding, and the fireman busy  
in the rear of the cab, the flyer on the  
Grand Trunk ran thirty miles with no  
guiding hand, yesterday, the 200 pas-  
sengers idly looking out of the window  
with no thought they were riding on  
a runaway train. Finishing his work  
in the tender, the fireman finally re-  
turned to the cab and found the en-  
gineer's seat empty. He brought the  
train to a stop and backed it up until  
the engineer was found lying near the  
track with his left arm and leg broken,  
one shoulder crushed and his head  
fractured. There is a chance for his  
recovery.

HICCUGHES KILL WOMAN.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, Aug. 13.—[Exclusive Dis-  
patch.] Hiccoughs caused the death of  
Mrs. Edward Zimmer of Highland  
Park tonight. After three years of  
periodical attacks of the nerve-rack-  
ing, hysterical coughing she succumbed  
to an acute and prolonged spell of  
this peculiar malady. The case has  
been watched by physicians as one of  
the most remarkable in the history of  
the medical profession.

TAYLOR TRIAL RUMORED.

Former Governor of Kentucky May Be  
Charged With Part in Goebel  
Murder.

(ASSOCIATED PRESS NIGHT REPORT.)  
LOUISVILLE (Ky.), Aug. 13.—The  
Evening Post says: It is announced to-  
day on authority of a close friend of  
former Gov. W. S. Taylor, that Mr.  
Taylor will return to Kentucky from  
Indianapolis for trial on a charge of  
complicity in the murder of Gov. Goebel.

TAYLOR NON-COMMITTAL.

(ASSOCIATED PRESS NIGHT REPORT.)  
INDIANAPOLIS (Ind.), Aug. 13.—  
When E. Taylor, when shown the after-  
noon regarding his probable return to  
Kentucky for trial after the election,  
said:  
"I do not know anything about it.  
This is all I have to say."

WANTS STEEL CAR.

NEW YORK, Aug. 13.—The Harri-  
son road race in the market for 6000  
steel cars. No orders have been placed,  
but the car equipment companies have  
been notified this amount represents  
the total of an early purchase by  
the Harrison line, and for more  
than half the cars there have been  
specifications on which the equip-  
ment companies may base their bids.  
Competition between the companies  
is said to be keen, for the orders, if  
filled, will be altogether the largest  
since the panic.

## NEW SERUM IS SAVING LIVES.

Paris Hydrophobia Cure Used  
in New York.

Five Persons Treated for  
Serious Wounds.

Dr. Rambaud Believes They  
Would Have Died.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Aug. 13.—[Exclusive  
Dispatch.] It seems probable that five  
persons have been saved from death  
in the last ten days by the new serum  
obtained by Dr. G. G. Rambaud of the  
Pasteur Institute for treatment in ad-  
vanced cases of hydrophobia.

There were thirty-eight patients at  
the institute today suffering from mad  
dog bites. In one case Dr. Rambaud  
used the Paris serum.  
"It is too early to say what this new  
serum will do," said Dr. Rambaud, "but  
it appears that it will do all that is  
claimed by Paris physicians. I have  
used it in five cases where people were  
bitten on the face by a mad dog—the  
most dangerous place a person can be  
bitten—and with good results. If I  
had not had this new serum no doubt  
the patients would have died."

"It will take some time to demon-  
strate the complete value of the serum,  
and it is just as dangerous for a per-  
son to delay the treatment of hydro-  
phobia now as it was a year or a  
month ago. We have hoped that the  
new serum may save patients in ad-  
vanced cases of hydrophobia. If we  
had had this serum to use on Mr.  
March, who died in Brooklyn some  
months ago, it is possible that he could  
have been saved."

INQUIRY.

INVESTIGATING  
GUN EXPLOSION.

FRENCH SEEK SOLUTION OF  
FATAL ACCIDENT.

Develops That Two Detonations  
Took Place, the Second One Caused  
by Ignition of Cartridge Which  
Sailor Was Holding When Breach  
Blow Out.

(ASSOCIATED PRESS NIGHT REPORT.)  
TOULON (France), Aug. 13.—A pre-  
liminary investigation has been begun  
to show the exact cause of the gun  
explosion on the schoolship Couronne  
yesterday, which resulted in the killing  
of six men and the wounding of eight-  
een others, but it has been stated  
that there were in reality two explosions  
the second being caused by flames  
from the first landing a cartridge  
which a sailor was holding in readi-  
ness to recharge the gun.

The hands of the man who was hold-  
ing the cartridge were torn off and  
several others were very badly burned  
by the second explosion. The condition  
of several of the wounded men is  
critical.

A coroner's jury received instruc-  
tions in handling a 164-millimeter gun,  
the breach of which blew out.

INTRUDER INSTANTLY KILLED.

Young Rancher Warns Man Away, but  
He Returns, Burns Man Alive,  
and Is Shot.

(ASSOCIATED PRESS NIGHT REPORT.)  
GRASS VALLEY, Aug. 13.—John  
Richards was shot and instantly killed  
today by a young farmer named Moulton,  
upon the latter's ranch in the  
Chicago Park district.  
Few details of the shooting and the  
causes that led up to it have been  
received, but it is stated that Rich-  
ards was warned away from Moulton's  
place last night, but returned this  
morning and attempted to enter the  
house.

Richards is said to have rushed at  
Moulton with the intention of assault-  
ing him when the latter shot him dead  
with a rifle. Moulton surrendered and  
is now in jail. The Sheriff and the  
coroner have gone to the scene of the  
shooting.

RUSSIANS ROW IN PERSIA.

Minister and General Jealous of Au-  
thority—Shah to Be Crowned  
Again.

(ASSOCIATED PRESS NIGHT REPORT.)  
ST. PETERSBURG, Aug. 13.—A dis-  
patch received here from Tehran says  
a misunderstanding has arisen between  
M. Hartwig, the Russian Minister, and  
Gen. Liakhoff, the military governor  
of Tehran, over the arrest of two  
Russians for carrying arms.

M. Hartwig caused the prisoners to  
be released and addressed a sharp re-  
monstrance to Gen. Liakhoff to the ef-  
fect that Russians should not be ar-  
rested without his permission.

Another dispatch from the Per-  
sian capital says that preparations  
are being made for a second coronation  
of the Shah. During the first corona-  
tion, two years ago, the Shah fell from  
His Majesty's brow, and to this in-  
cident, the Shah superstitiously ascribes  
the mishaps of his reign.

FIRE DESTROYS TOWN.

Taft, Mont., Almost Wiped Out as  
the Result of a Lamp  
Explosion.

(ASSOCIATED PRESS NIGHT REPORT.)  
MISSOULA (Mont.), Aug. 13.—The  
explosion of a kerosene lamp is respon-  
sible for a fire which broke out this  
morning and destroyed the greater  
portion of the town of Taft, Mont.,  
with a population of about 350. The fire  
was only extinguished by the most stren-  
uous sort of work on the part of the  
fire department. The loss is estimated at \$80,000,  
with no insurance. Fifteen buildings  
were burned to the ground.

## BABES BURY BIRD FRIENDS.

Chicago Children Hold Funeral  
for Two Thousand Storm  
Victims.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, Aug. 13.—[Exclusive  
Dispatch.] Two thousand  
birds were killed by the ter-  
rific storms of Tuesday and  
Wednesday in the groves near  
West Sixtieth and Adams streets,  
and today all the children in  
the neighborhood paid their  
last respects to their little  
friends that would sing no  
more.

With childish rites and gen-  
uine solemnity, the 2000 little  
feathery birds were laid to rest.  
About the wide grave the chil-  
dren stood with bowed heads,  
sobbing as they strewed simple  
flowers.

The funeral of the birds was a  
serious affair to these boys  
and girls.  
"I had to turn my eyes away  
at one time," confessed an adult  
spectator, who at first had  
smiled at the gravity of the lit-  
tle mourners."

## BEAUTIFUL GIRL'S DEATH MYSTERY.

TRAGEDY AND ROMANCE IN RICH  
MISS SHOLES'S END.

Daughter of Chicago Millionaire Is  
Found Lifeless in Bed, the Result  
of Gas Asphyxiation—Coroner's  
Jury Returns Open Verdict—Efforts  
Made to Keep Affair a Secret.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 13.—[Exclusive Dis-  
patch.] Mystery, romance and tragedy  
surrounded the death of Miss Frances  
Sholes, daughter of C. G. Sholes, mil-  
lionaire, who was found dead in bed  
early today at the home of her mother,  
No. 1402 Chicago avenue, Evanston.

The young woman, who was 22 years  
old, beautiful, wealthy and popular in  
Chicago, and Evanston society, is be-  
lieved by many to have committed sui-  
cide as the result of despondency over  
an old love affair. She died from gas  
asphyxiation.

The first intimation that anything  
was wrong was gained when Mrs.  
Sholes went to her daughter's room,  
found the door securely locked and  
bought, the transom down, and fumes  
of gas exhaled.

"She is dead! She is dead! She is  
dead!" screamed Mrs. Sholes, taking  
in the situation at a glance.

The mother fainting, and a frightened  
servant summoned a man who was  
staying at the street corner. He came  
to the women's assistance, and after  
several attempts succeeded in break-  
ing down the door.

The body of Miss Sholes was found  
lying across the bed. Life had evi-  
dently been extinct several hours. Gas  
was pouring from an open jet near  
the head of the bed. On the floor are  
said to have been found letters which  
led to suspicion of suicide.

A coroner's jury held an inquest,  
but was unable to determine whether  
the death was due to suicide or to  
her own hand or by accident. An  
open verdict was returned.

The former is said to be in New York.  
Telegrams were sent to him, and a  
son, Earl, who was spending his vaca-  
tion in Wisconsin. The latter, who is  
30 years old, arrived as the inquest  
was concluded.

It was reported that the young  
woman had been despondent for the  
last three weeks. Her mother denied  
that she had a love affair.

Effort was made to keep the tragedy  
a secret, and a report that Miss Sholes  
had died from heart disease was given  
out.

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

The Mayor and Police Commission are to visit Chavez Ravine at noon today to investigate blasting by the Los Angeles brickyard, of which complaint is made—and eat a chicken dinner.

Margolis is pressed for appointment as police commissioner by his friends, but the Mayor says "No."

Judge Rives heard evidence yesterday in the contest over the probate of the will of A. B. Cameron.

Dr. M. L. Moore, specialist in obstetrics, and W. A. Mayr testified in Judge Rives' court at the trial of the Mayor's divorce suit, regarding the paternity of Mrs. Mayr's child.

Judge Hutton granted a non-suit to the defendant in Mrs. E. M. Gibbs' suit against Mrs. Louisa Gibbs for \$10,000 damages, alleged due for alienation of affections.

As the heirs of Francis Murphy had reached an agreement, Judge Rives ordered the sale of stocks and bonds belonging to the estate for the discharge of debts. Francis Murphy's remains may be removed from their present resting place in Roseade cemetery.

## AT THE CITY HALL.

### CHAVEZ BLASTS TOO SHAKY?

### MAYOR AND POLICE COMMISSION TO LEARN TODAY.

Backyard Explosions to Be Tested to Determine Whether Permit Shall Be Revoked—Officials to Enjoy a Chicken Dinner Prepared by the Women Who Make Complaint.

For the special information of Mayor Harper and the Police Commissioners, "earthquakes" is being arranged in Chavez Ravine today.

While the Mayor is known to keep his ear to the ground for political disturbances, this is his first experiment in testing a seismic disturbance, artificial though it be.

According to the arrangements the Mayor and his party are to reach the neighborhood that "hurtles" on the south side of the hill that forms one bulwark of the ravine at noon, and the Los Angeles Brick Company is to fire one round of its regular blasts in the hillside to demonstrate whether such blasts are the cause of the "earthquakes" that shake houses out of plumb, lock doors in their jambs, and throw chairs and bric-a-brac to the floor. While the blasting is going on, the good women of the neighborhood, under the direction of Mrs. Walker of No. 5512 the Figueroa street, will be cooking the fine young chickens that they promised the Mayor and Police Commissioners at the last session.

It isn't often a Mayor is asked to referee an earthquake, and when he is asked to referee a chicken dinner in the city hall, the Mayor is not invited the officials to come.

"I guess we'll have to go," he said, "my Woodliff."

"Um-m-m," said Woodliff, and Commissioner Lewis nodded his head vigorously in the affirmative.

The serious purpose of the visit is to learn if the blasting is a menace to the peace and quiet and safety of the homes of several hundred persons living on the south side of the hill. Their location is dear to them, for they say they have the best air and the best view. They do not want to be disturbed by the blasting nor do they want to migrate to other regions.

The Los Angeles Brick Company is sure its blasting is a menace to nothing except the shale clay that the company must use in its business. And this clay must be obtained by blasting or the company must terminate an industry that has been there eighteen years. Any other process would be prohibitive. Its pay roll of \$5000 a month would vanish, the company says.

So it is almost a case of the survival of the fittest, and the Mayor and Police Commission have been asked to pick the survivors.

The disturbed neighborhood joined C. T. Spradling in a petition to the police board that the blasting permit of the company be revoked. Before the official Monday they represented that the shocks from the blasting were numerous, almost daily, and sometimes terrific in their consequences. Spradling told of feeling a terrible shock which threw his house so out of plumb that, when he tried to get out to learn what had happened to his neighbors, he found the door locked in its jambs and had to pry it open. Others represented that their plaster was cracked, their houses thrown "out of square" as one termed it, and their natural right to peace and the pursuit of happiness greatly infringed.

It has been suggested that the official party first hear or feel (maybe both) the "earthquake," and then eat chicken. A reversal of the programme, it is feared, might find them both deaf and bereft of feeling.

### MARGOLIS IS WILLIN' WOULD GO ON POLICE BOARD.

That Mayor Harper has not appointed a successor to Police Commissioner Fuller is not the fault of I. Margolis and his friends.

That like's ambition along political lines could be satisfied with a police commissionership was unknown to the Mayor until yesterday. He has worked in the trenches of the Democratic party shoulder to shoulder with the Mayor, and it seemed inevitable to his friends that sooner or later his political reward must come. But to consider him for so unimportant a place as the Police Commission, with its arduous labors and abundant vicissitudes, never once struck the Mayor.

So, when a committee composed of A. Cohen, D. Hayes, P. Senegamb and I. E. Pearson visited the executive chambers in the City Hall yesterday to present the indorsement of the Independent Political Club for I. Margolis, the Mayor was surprised. The committee earnestly asked that Margolis be appointed.

"But Margolis is a Democrat," said the Mayor.

"Well, the law requires that I name a Republican, as there are already two Democratic members. Much as I might want to name Mr. Margolis, the law interferes."

"Such an awfulness," said one of the committee members, "than one way to whip a cat. Later a committee composed of D. Lichtenstein, L. Goldberger, Joseph Miller, H. Kaufman and Harry Lyons (not the Councilman), called on the Mayor.

They presented the indorsement of I. Margolis by the Standard Republican Club.

"The Mayor was surprised by the first indorsement, he was astonished by the second. He received the typewritten resolutions dubiously.

"I'm sorry," he said, "but Mr. Margolis is a Democrat and I don't see how I can appoint him even with this magnificent indorsement."

Another caller was Joe Margolis, brother of Isaac. Joe is a pair of

wheel horses in the Democratic ranks, but he wanted Isaac named as Police Commissioner. And he thought, too, that Isaac could fill the place just as well as any Republican.

But the Mayor was obdurate and I. Margolis will not be named.

In the meantime the Mayor says he has no idea who will be appointed.

**Drowned Man's Brother.**

Mayor Harper has received a letter from W. H. Rist of Vicksburg, Miss., asking for information of a brother of Nick Lawrence, who was drowned in the Mississippi River. The letter says Nick Lawrence is believed to have a brother in Los Angeles. The Mayor would be pleased to receive information.

**Does Care a Rep.**

Harry R. Baker, a houseman who was dismissed some months ago for insubordination, has applied to the Fire Commission for reinstatement. At the time charges were made against Baker he sent word to Chief Lips that "I don't care a rap," and his dismissal was recommended. The application for reinstatement has not been acted on.

### AT THE COURTHOUSE.

### QUEER TANGLE IN WILL CASE.

### CHANGE OF MIND BY TESTATOR COMPLICATES MATTER.

"Lord" Cameron, Just Before Death, Cut Off Bequest to One-Time Los Angeles Friend, Clouding Document as That Court is in Doubt as to Legal Status.

One of the most peculiar legal problems that has ever arisen in the Superior Court in connection with a will was presented to Judge Rives as the result of a sudden freak of A. B. Cameron, known among his intimates as "Lord" Cameron, an eccentric bachelor and art lover, who died in Los Angeles in October, 1907, leaving his \$3000 estate in many small bequests to Canadian relatives and California friends.

While Cameron was traveling in England, in January, 1906, with his intimate friend, W. E. Milner, of Los Angeles, he made his will according to English forms. It was witnessed by persons in England. He bequeathed Milner \$2000 in an insurance policy on Cameron's life, and divided the remainder of the estate in small legacies, part of it going to his brother, C. H. M. Cameron, Ontario, Can., while he also remembered sisters, nephews, and nieces in Canada, where his relatives are prominent and wealthy.

But about six months after his return to Los Angeles Cameron became suddenly incensed at Milner over some trivial matter, and, instead of having a new will drafted as he told friends he intended doing, he took his will and scratched out Milner's name as executor, scratched out the bequest to him, and in a blank space on the second page of the will wrote with his own hand a statement that he at last saw things in "the true light," that he no longer considered Milner his friend, and that he wished his bequest to Milner to go to his Canadian nephews and nieces. Beneath this writing he signed his name.

When the will was presented for probate yesterday court and counsel were in doubt as to how to construe the will with its written addition. This does not comply strictly with the statutes providing for the addition of codicils to wills, and the question was raised whether the addition made above the signature did not affect the validity of the entire document, under the statutes.

As they provide, also, that an obligor will not contain any other writing on the page but that of the testator, which is not the present case, the probate of the document as an original will is also doubtful. The court continued the case until September 15, that authorities may be cited.

### MURPHY ESTATE.

**TANGLE OVER FUNERAL LOT.**

The remains of Francis Murphy, the noted temperance reformer, which are in a lot in the circle at Roseade cemetery, may be removed from the large lot to a less pretentious location in the cemetery unless the heirs can arrange for the payment of \$1000 for the lot.

At the time of Murphy's death, his son, T. E. Murphy, who is now in Philadelphia, selected a large lot, a fine room for twelve interments, which was valued at \$1000, but which was sold to the Murphy estate at \$1000. The lot is now valued at \$3000. Mrs. Murphy stated to the court through her counsel yesterday that she was opposed to an allowance of more than \$300 from the estate on the purchase price of the lot, because Murphy, before his death, had selected a small lot in the cemetery at about that price, and the present lot is larger than is required. Further, she does not feel that the amount of her dead husband's estate warrants the payment of \$1000 for this purpose. Judge Rives said he did not feel empowered to allow more than \$300 from the estate, and continued the matter until September, that the relatives may consult further about the matter.

The court was informed that the six children of Francis Murphy have withdrawn their opposition to the sale of stocks and bonds belonging to the estate to defray about \$7000 of debts, as Mrs. Murphy has entered into an agreement with them by which \$7000 worth of Indiana property, which Murphy directed should be sold to defray the debts, is to be turned over to the children in place of the stocks and bonds to be sold.

### COURTHOUSE NOTES.

**BREXITURET, ELIAS B. DE LA BREA** yesterday filed in the Superior Court two individual suits against R. A. Brown and L. M. Hamilton, jointly, to recover \$3500 alleged due for loss occasioned him in the attachment suit instituted against him last spring by Mrs. Caroline E. Manning, for whom the defendants are alleged to have acted as sureties. The plaintiff asserts that he was subject to imprisonment in the County Jail as a result of Mrs. Manning's charge that he had defrauded her in a sale of a patent right, and that the expense of the legal action, subsequently dismissed, amounted to the sum asked for.

**DIVORCE** Judge Hutton heard evidence yesterday in the contested divorce suit of Ernest P. Erhardt against Mrs. Caroline Erhardt, whom he married in Germany in 1876, on grounds of habitual intemperance. The plaintiff and his witnesses testified that Mrs. Erhardt is a habitual drunkard, that she has made assaults on her husband, and has threatened to kill him during her spree. The hearing of the defense was continued until October 2. Mrs. Erhardt denies the charges.

## PASADENA. LEAGUE FINDS SACK IS EMPTY. MITTRES ARE APPOINTED TO COLLECT FUNDS.

Legates Loan Toward Taft Reunion for Judge, but Leaders of League Find Sack Empty. Ballot-Workmen Seriously Hurt by Flying Shovel.

of The Times, No. 28 S. Raymond Ave. PASADENA, Aug. 12.—Unlabeled was the cause of the Lincoln League delegates in the league quarters last night. The meeting called to canvass the judicial situation, but resolved itself into a full accounting, showing a deficit of \$100. The delegates deferred to the judgeship until the day of the convention, when the leaders of the league in Los Angeles will have finally selected the local delegates how to

Legates from North Pasadena did accept the invitation to the caucus, saying it might be necessary to come trading to name R. W. Fridge for Supervisor and that it was desired to mix this fight with the election. The meeting opened with M. E. Wood, the chair and Young Crump at the head of the newspaper men. A report on the financial condition of the club was made, showing the deficit to be \$100, with but 21¢ in the treasury. A call for funds swelled the list to \$120. The chairman of each district committee was assigned to collect funds. Among the bills presented, three, totaling \$83, were from the editor of the newspaper men. A motion to keep the newspaper men out of the financial condition of the club was made, showing the deficit to be \$100, with but 21¢ in the treasury. A call for funds swelled the list to \$120. The chairman of each district committee was assigned to collect funds.

His right eye was so badly injured that he was hardly able to see. He was taken to the hospital, where he is now lying. Police Surgeon A. D. McCoy, put five stitches in his wound.

WATER. Beginning tomorrow, the Los Angeles-Pasadena Railway will inaugurate a new service northward on Ocean avenue for the accommodation of the residents of the northern section, whose business calls them to make daily trips between the beach and the city. MAY TAKE IT TO COURT. Payment of Cost of Recent Improvement on Lake Street Held up by City Trustees. OCEAN PARK, Aug. 12.—The matter of payment for the recent improvement of Lake street may be taken to court by the city trustees. The contract for the improvement of this street was let by the former Board of Trustees. The improvement involved the expenditure of about \$10,000 by the abutting property owners. As work progressed fairly well, a protest, alleging that the work was not up to specifications, that there had been a substitution of materials and that gravel of a cheaper grade than was called for was used, was made.

WORK INFERIOR. City Engineer Steele gave it as his opinion that the work was of an inferior quality and recommended that the job be not accepted. The City Trustees, at a special meeting, were of the same opinion, and the refusal to pay for the work promises to be followed by an action at law to force the collection.

IS SURPRISED. Mr. and Mrs. T. D. Merriweather of Lancaster, Pa., are spending a brief vacation at the beach. Mr. Merriweather, a special meeting, were of the same opinion, and the refusal to pay for the work promises to be followed by an action at law to force the collection.

## PAINTFUL. A ROW PIERCES A BOY'S EYEBALL. DISTRESSING ACCIDENT TO LAD AT LONG BEACH.

Physicians Afraid Point Entered Brain—Election to Be Held on Proposition to Impose Additional Tax Levy to Pay for the Band Improvements for Stand.

LONG BEACH, Aug. 12.—William Schilling, the 12-year-old son of William Schilling, Jr., was the victim, this afternoon, of a peculiar and distressing accident which resulted in the loss of his left eye. The eyeball was pierced by a steel-tipped arrow shot at an archery stand on the beach by H. G. Esperson. The latter drew his bow just as the lad, who was gathering the spent arrows, was coming from behind the target. The arrow caught him side-ways, pierced the eyeball from the nose to the outer side, and stuck in his head so tightly that it was pulled out with difficulty. The physicians are afraid the point entered the brain.

MUST PAY THE PIPER. Unable to provide in the general tax levy sufficient funds for the maintenance of the band, the City Council, today, decided to put the question to the voters of the city. The tax will be called to submit to the people a proposition, whether or not the Council will levy an additional tax of 15 cents on each \$100 valuation. The tax will raise about \$25,000 and place the burden upon the entire city instead of on the band alone. The election has been called for August 31.

FOR IMPROVEMENTS. Fifty property owners along the strand west of Hotel Virginia met at the hotel last night and organized the Strand Improvement Association, with a membership of forty. Officers are: W. H. Reider, president; H. V. Warner, vice-president; M. H. Wells, secretary; C. C. Leach, treasurer; Charles R. Drake, John H. F. Peck and M. R. Pike, Board of Control. According to the plans, a bulkhead of piling will be built from Golden avenue west to the east San Gabriel jetty. It will be three feet higher than the walk and will be built from Golden avenue west to the east San Gabriel jetty. ## NINE LIVES SNUFFED OUT. And Mother's Fryers Are Saved from Wild Cat by an Airy Fairy.

SIERRA MADRE, Aug. 12.—Willie Wright's mother raises fancy poultry. Willie has been appointed guardian of her flock. Lately the flock has been decreasing in numbers, and Mrs. Wright's fryers have not been plentiful enough to provide for her guests.

Willie's opportunity came yesterday morning at daybreak. He had been sleeping in his underpinnings, ready to slip into his trousers at the first alarm in the henroost. He also had his rifle handy to assail the enemy of his mother's flock.

When the alarm was raised in the chicken yard Willie jumped up, grabbed his rifle, and in his zeal forgot his trousers. Willie, airy clad, clambered out on an air loft. The rumpus caused a sedate maid-enly neighbor to view the landscape. At first glance she thought she spied Cupid with his arrow poised. Rubbing her eyes, she beheld Willie, with a scant garment and a rifle. She screamed and Willie ducked for his trousers.

Properly clad, Willie emerged again to find a wild cat devouring one of mother's fryers. A shot from Willie's gun put the cat beyond the devouring stage. Now Willie's mother sleeps peacefully, dreaming of choice fryers for her friends. This is the second time a wild cat has been caught at these fancy chickens.

## SOUTH PASADENA FIRE. Small Blaze Emphasizes Necessity for Improved Protection—Women Map Out Work.

SOUTH PASADENA, Aug. 12.—A small fire, which destroyed the barn of A. Mohr, corner of Fair Oaks avenue and Oxy street last night, might have proved disastrous if the wind had been in a different direction. The fire department was unable to cope with even this small blaze, and had the burning continued, the whole block and possibly more would have been burned. Better fire protection is a crying need of this city.

## TIES CEMENT AROUND NECK. MUCH-WEIGHTED BODY FLOATS AT SAN PEDRO.

Fishermen Friends of "Tony the Greek" Say Cadaver Recovered from Ocean Is Not His—Los Angeles Woman Claims to Own the Port.

SAN PEDRO, Aug. 12.—The badly decomposed body of a man, apparently about forty-five years of age, was found floating about two miles southeast of the breakwater by John Kellum and Al Hyder in the launch Rajah, this morning. Around the neck of the cadaver were two gunny sacks filled with disintegrated cement and rocks. Evidently the man had taken exceptional pains to keep his body from being discovered, or he was murdered. A stiff hand was held fast on the body by being thrust through holes in the rim and around the chin, with yarn cords.

The features are so badly decomposed that they are totally unrecognizable. The body has been in the water for months, through holes in the hat and clothing several inches in length. The body is that of a man about six feet tall, who in life would weigh 175 or 180 pounds. It is fairly well clothed in a black suit and congress shoes. The latter were purchased from "Mayer, Milwaukee," and are size No. 10. An Elgin watch in a silver case was found on his person. The number of the watch, 123255 and of the case, \$34.72. A large three-bladed white pearl-handled knife and a coupon ticket from Los Angeles to Long Beach was found in his pocket. It was impossible to make out the date of the sale of the ticket. No money, except a one-cent piece minted in 1946, was found.

For a time it was thought that the body might be that of "Tony the Greek," who mysteriously disappeared from a boat between Clemente and Catalina Island several months ago, but boatmen here who know Tony are positive it is not his body, as it is much larger and bears no resemblance to Tony.

The body was seen last night by Capt. Charles Napier, in the launch Virginia, while out with an excursion party. He had about eighty passengers, many of whom were women and children and did not consider it wise to attempt to secure the body. Upon his return, the boatmen were sent out in the Rajah and located it this morning.

The body is at the Lucas morgue here, and will be held until tomorrow, when it will be taken to the coroner's office. Mrs. E. H. Lockwood, corner of Orange Grove avenue and Magnolia street, this committee has been working this summer on the program for the year's work and at this meeting it was completed. ## UNDERWRITERS.

(Continued From First Page.)

discussed are those affecting legislation in the different States. The laws which are supposed to regulate life insurance differ in different States and one of the keynotes of the proposed recommendations is for the enactment of laws more uniform in character.

In other States there are laws which seem to be more in opposition to proper life insurance work than for its protection, and these also will undoubtedly be reported upon and recommendations made. Also the question regarding the stand to be taken by the national association in connection with life insurance companies which are on a par with wildcat mines, and the safeguarding of the interests of policy holders will be taken up.

Monday afternoon the Executive Committee of the national association will hold an executive meeting and go over the preliminary work to be accomplished. This executive meeting promises to be an exceedingly important one. There are some antagonisms to be smoothed over, mainly from a diversity of views among delegates, but there is assurance that, as all are seeking only the best interests of life insurance as a business point of view of this great national institution, that all will go smoothly.

Monday evening there will be a general talk to the Belasco Theater, where a special play has been staged for a week, and there will be a banquet afterward. Before the theater party there will be an inspection of headquarters, impromptu receptions and a getting-acquainted time.

### WORK OF CONVENTION.

There will be two special addresses of interest at the convention, made so by the official position and knowledge of the man who will deliver them; one will be that of Hon. E. All the sessions of the convention will be open, and the officers have invited all those interested in questions of life insurance to attend in the Auditorium building. The delegates assert that it is their intention to do all that is possible to "educate the people up to the importance of proper life insurance."

Every preparation has been made by the officers of the Los Angeles association and its Entertainment Committee to make their eastern guests welcome, and to once more assure this city a place in the annals of "Royal Greeters" and "Western Hospitality."

### BACK TO COUNTY JAIL.

"Trusty" Who Escaped Three Months Ago Found by Deputy Sheriff and Returned to Prison.

As Deputy Sheriff J. M. Rice was passing the Spokane rooming house on East Fifth street yesterday afternoon, he recognized in the doorway J. D. Ward, a "trusty," who escaped from the county chain gang three months ago. Rice at once took the man into custody and he again is behind the bars.

Ward was caught going through a rooming house at Long Beach last February, and struck the proprietor of the place on the head with a gun in endeavoring to escape. He was sent to the County Jail for six months for assault with a deadly weapon, and, as he was crippled, he was allowed to carry water for the chain gang. One day he went for water and did not return.

A file and skeleton keys, as well as a gold watch, were found on his person yesterday. He said he had been in San Francisco, but refused to talk further about his movements since his escape.
